The facts supporting this belief are as follows:

On 11-26-2021 at 1939 hours, Officers from the Kansas City Missouri Police Department were dispatched to 4300 Cleveland Ave (Blue Valley Market) on a shooting call. Upon arrival a black male victim was located in the parking lot of the business suffering from an apparent gunshot injury. The victim was transported to an area hospital where he later died as a result of his injuries.

Surveillance video from the store captured the shooting which showed a gray Nissan (driver's side head light out) pull into the parking lot and a heavy set black male wearing black pants, white t-shirt, black shoes with white sole, and black jacket exited the rear driver's side seat and go into the business. An unknown black male who appears to have a bald head is observed in the front passenger seat and an unknown black female wearing a blue jacket with red sleeves, gray t-shirt, black pants, and black shoes exited the driver's door and opened the trunk to the vehicle. While the trunk was opened, KS license plate 325NVM was observed on the vehicle. While the gray Nissan was parked in parking lot, a maroon Honda Pilot (victim's vehicle) was observed backing into a parking spot near the gray Nissan.

The heavy set black male who went inside the store returned to the vehicle and entered the rear passenger seat of the Nissan and the unknown female entered the driver's seat. At this time the victim opened the driver's door to his vehicle and as he exited the vehicle he dropped a large amount of cash on the ground in the open parking spot between his vehicle and the Nissan. The victim and the occupants of the Nissan exchange words as the Nissan is backing out of its parking spot. As the Nissan drives out of camera view the victim reacts to something and jumps into his vehicle. The victim exits his vehicle holding what appeared to be a gun as he picks up his money off the ground. The victim walked to the north side of the business and looked to the west down 43rd St and appeared to fire several rounds to the west before going into the store.

While the victim was inside the store he talked with a female (witness) who later provided a statement to detectives. The witness said she was at 43rd and Indiana when she observed a dark 4 door car parked on the side of the road with it lights off and all the doors open. The car was parked east of 43rd and Indiana. She stated she

stopped and backed up and then drove around the block and went the long way around to get to 4300 Cleveland to avoid the parked car. The witness stated as she pulled into Blue Valley Market she heard gunshots. She turned off her car and observed the victim who she referred to as "ED" standing on the NE corner of the building and he was looking west bound with cash in his hands. When she went inside the store, the clerk asked the witness if she was Ok and she told the clerk she was fine. ED was inside and talking to the cashier and the witness overheard ED saying, "These bitch ass niggers just tried to rob me."

Video surveillance also showed a male friend of the victim arrived at the store and they talked inside the store before exiting the store together. While standing at the driver's side of the victim's vehicle a dark gray vehicle with the driver's head light out which looked similar to the gray Nissan previously in the lot pulls into the lot from the south on Cleveland. An unknown person is observed shooting from the front passenger window and as the vehicle continues into the lot another person is observed shooting from the rear passenger driver's side seat. The victim and his male friend are not seen shooting back until the shots are fired from the Nissan. The vehicle continued through the parking lot and went west on 43rd St after the shooting.

A computer check of KS 325NVM in the License Plate Reader (LPR) System revealed the vehicle hitting in the area of 23rd and Wheeling on 11-25-2021 which is in the area of the Blue Valley Townhomes which has Watchtower surveillance video. The gray Nissan was observed on the video which pulled into a parking spot in front of 2052 Wheeling. A black male with a bald head exited the vehicle in the video. A computer search of the address revealed two people (Bonzel T. Fowler B/M 09-10-1993 & Tateona C. Jackson-Williams B/F 08-04-1994) associated with the address. Bonzel appeared similar in appearance to the male who exited the vehicle. A computer search of Tateona revealed her associated with Byron T. Fowler B/M 01-21-1991 who looked similar in appearance to the heavy set black male who exited the gray Nissan and was in the store prior to the shooting.

On 11-27-2021 detectives contacted an employee from the Blue Valley and showed him a photo line-up containing Byron Fowler. The employee positively identified Byron as being in the store prior to the shooting and being a "regular" at the business.

A computer check of Byron Fowler revealed his name registered on a water bill at 7100 E. 104th St. Undercover detectives responded and conducted surveillance at the address on 11-27-2021. Byron Fowler was observed in and out of the residence numerous times throughout the day at the residence.

Detectives returned to 7100 E. 104th St on 11-29-2021 and observed the gray Nissan bearing KS plate 325NVM parked behind the residence and Bryon Fowler, Bonzel Fowler, and Tateona Jackson-Williams were all observed leaving the residence.

On 11/29/2021 Bonzel Fowler, Jackson-Williams and Byron Fowler were arrested after leaving 7100 E. 104th Street. They were transported to Police Headquarters for questioning. Bonzel Fowler was advised of his Miranda Warning which he waived and elected to provide a statement to detectives. Bonzel Fowler advised he, his brother (Byron), wife (Tateona Jackson-Williams) and children had been at Blue Valley Market when the Victim got out of his vehicle and dropped a stack of money. The Victim dared somebody to try and take it. Words were exchanged and they left the parking lot headed west bound on 43rd street. His child's Pull ups fell from the car and they stopped to pick them up and the Victim shot at them. He dropped his wife and children off

at 41st and Benton Boulevard (wife's sister's house) and he and his brother went back to the Blue Valley Market to see if the victim was there so they would know who he was so they could avoid him. As they pulled into the parking lot the Victim pulled out his gun again so they shot at him. They knew they should turn themselves in but were waiting. He was confronted about his wife being the vehicle's driver and he admitted she drove the vehicle as he was in the front seat and his brother was in the back seat.

During the interview, he stated both he and his brothers guns were in a box with some cable receiver on his Grandmother's porch at her apartment complex in Kansas. Detectives responded to his Grandmother's apartment and located a black Taurus 9mm handgun in the box he had described. We advised him detectives only located the Taurus handgun. He stated that was his gun and his brothers gun might be on top of the television stand. Detectives were unable to locate a firearm on top of the television stand. He advised if the gun was not in either one of those locations, he did not know where his brother had moved it. He advised detectives his brother's gun is a Glock 19.
